Fifteenth Biennial Report
of the
Secretary of State
of the
State of Utah

Beginning December 1, 1924, and
Ending June 30, 1926.

OFFICE OF SECRETARY OF STATE
STATE CAPITOL

Salt Lake City, Utah, Aug. 1, 1926.

To His Excellency, George H. Dern,
Governor of the State of Utah.

Dear Sir:

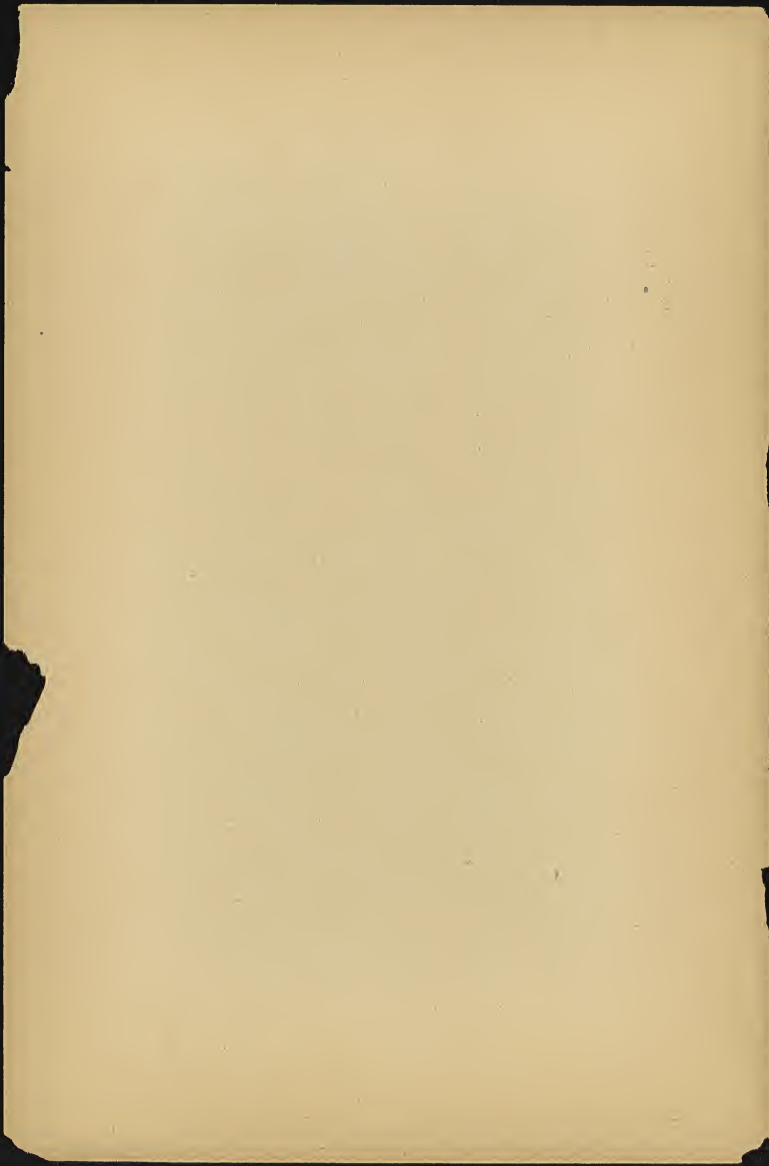

As provided by Law, I have the honor to submit an account of my official acts, covering the period from December 1st, 1924, to June 30th, 1926, which account embraces several schedules showing in detail the departmental transactions, together with some suggestions as to needed legislation.

Being ex-officio Secretary of the State Board of Examiners, and the State Board of Loan Commissioners, I include brief reports of the official activities of these boards.

The date of the fiscal year was changed by the 1925 Legislature from November 30th to June 30th.

Yours very respectfully,

H. E. CROCKETT
Secretary of State,

STATE OF UTAH

NAME—For the Ute Tribe of Indians.

LOCATION—Between 37 degrees and 42 degrees N. Latitude and 109 degrees 4 minutes and 114 degrees 4 minutes West Longitude.

EXTENT—345 miles North and South, 275 Miles East and West. 84,990 square miles, of which 2806 are covered by lakes.

MOUNTAINS—WASATCH. (North and South) elevation, 8,000 to 10,000 feet. General elevation of Plateau, 4,000 to 6,000 feet.

LAKES—Bear, Salt Lake, Utah, Panguitch, and Fish.

RIVERS—Bear, Weber, Provo, Duchesne, Jordan, Green, Grand, Sevier, Colorado.

CLIMATE—Continental, with temperature ranging from 31 degrees to 73 degrees. Precipitation, 7 to 16 inches.

INDUSTRIES—Mining, forests, grazing, agriculture (irrigation), stock, manufacturing.

POPULATION—1850, 11380; 1910, 373,351; 1920, 449,396. (Of these 3,123 Indians; 1,143 Africans, others 5,600.)

HISTORICAL—Discoveries.

1540.....	Cardinas
1776-7.....	Escalante and Domingues
1824.....	Bridger
1825.....	Ashley
1832.....	Bonneville

GENERAL STATE ELECTION—Biennial. First Tuesday after first Monday in November.

Inasmuch as the laws of the State will be compiled immediately after the next session of the Legislature in 1927, I recommend that the following changes be made to the present corporation laws:

Amend Section 7423, Compiled Laws of 1917, requiring clerks of district courts to file in this office certified copies of decrees of dissolution of corporations.

Amend Section 2511, relating to fees collected by Secretary of State.

An appropriation should be made to this department to cover the expense of checking up in the various counties, corporations whose charters have been revoked, and who are still doing business under the corporate name.

For Period From December 1, 1924, to June 30, 1926

[illegible]

GASOLINE TAX

The Utah tax on gasoline and other motor vehicle fuel has made a phenomenal appeal to the public favor since it took effect on March 8, 1923.

The problem of providing funds for highway construction and maintenance was paramount with the State at this time since it was then bonded for \$7,260,000.00 for road purposes and the interest and sinking funds were becoming greater than the amount to be collected from the registration of motor vehicles.

The law provided a tax of two and one half cents per gallon on all motor vehicle fuels sold or used within the State, excepting, however, sales for exportation to some other state or nation. No other exemptions were provided for except the product commonly known as kerosine oil, gas oil and residium fuel oil.

The Legislature of 1925 amended the law increasing the tax to three and one-half cents per gallon upon imported and manufactured fuels and allowing 2% for loss in handling; also requiring railroads and other common carriers to report movements into this State of motor fuels from other states.

From the foregoing it appears that the Legislature wisely intended that the responsibility for the payment of the tax should rest entirely upon the large dealers, which is a fundamental and practical administration principle in commodity taxation. To collect at the point of manufacture and importation permits of the greatest possible economy in administration. Experience also demonstrates that the large dealer is more responsible, less likely to allow errors, and his records are more complete. This has the effect of reducing the number of accounts of the State and also of the dealer and appears to operate satisfactorily.

At the Regional Conference of Gasoline Tax Administration Officers representing fifteen Western States, which recently convened at Salt Lake City, it developed that the Utah Gasoline Tax Law with some minor changes will probably be a guide in forming a uniform law for all states.

This department feels that all the tax is being collected although the tendency to evade the same is increasing throughout the country.

The collections for the nineteen month period have amounted to \$1,640,887.60 tax, and \$630.00 license, and for the last year \$1,219,778.80 tax and \$419.00 license, thus measuring better than the average upon a basis of rate, population and number of motor vehicles.

The law generally is working very satisfactorily. However, I would suggest the following changes to strengthen its enforcement:

1. The administering officer be given authority to immediately revoke the license of a distributor for noncompliance with the law.

2. The question as to whether or not counties, cities and other municipalities may become distributors of motor fuel without paying the tax should be clarified.

3. Some companies are refusing to pay the Utah gasoline tax on motor fuels exported from the state in broken packages; others are paying the same without question. This matter should also be clarified.

MOTOR VEHICLE DEPARTMENT.

This report includes the first six months' operation under the motor vehicle law passed by the last Legislature, and the law in general seems to meet with the approval of the automobile owners of the State. However, from the administration standpoint, changes should be made to strengthen the law, and specific penalties should be imposed for the various violations.

Throughout the entire United States there seems to be a strong sentiment in favor of a uniform motor vehicle law. I have been informed that such a proposed law will be presented at the next session of the Utah legislature, as well as the legislatures of other states. If such a bill is presented I believe that it should receive due consideration and if found to be beneficial and to meet the requirements of conditions in this state, should be passed.

STATE OF UTAH }
County of Salt Lake } ss.

1, H. E. Crockett, Secretary of State of the State of Utah, being first duly sworn, on oath, declare and state that the above and foregoing detailed report of the manner in which appropriations for my office have been expended and showing the balances on hand, is true and correct.

H. E. CROCKETT

Subscribed and sworn to before me this first day of
August, 1926.

FRANK E. LEES

Notary Public

(Seal)

Residing at Salt Lake City.

Commission expires December 6, 1926.

Fifteenth Biennial Report

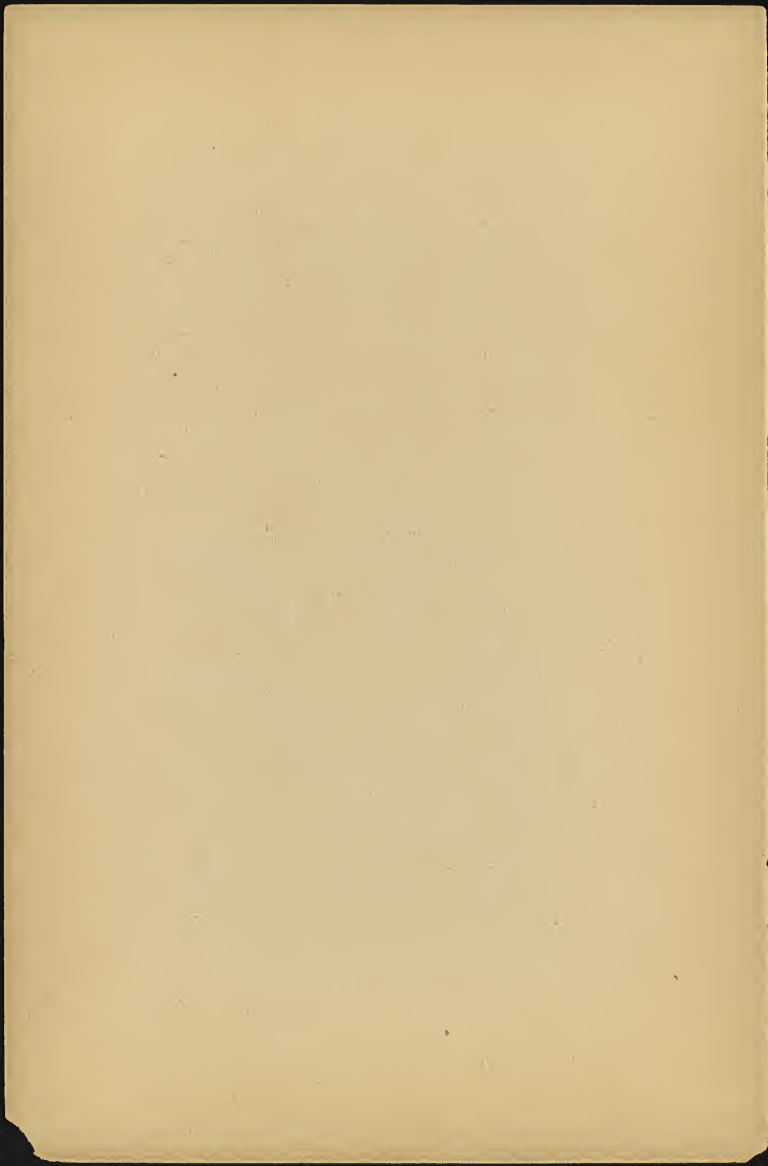

of the

**State Board of
Examiners**

of the

State of Utah

**Beginning December 1, 1924, and
Ending June 30, 1926.**

STATE BOARD OF EXAMINERS

The State Board of Examiners has held its regular meetings on the first Monday of each month and in order to facilitate the payment of claims has endeavored to meet on the third Monday of each month and has held special sessions whenever necessary. It has carefully examined and considered the many accounts and claims against the State. Due to inadequate appropriations by the 1925 Legislature and the failure to appropriate money to carry out the provisions of laws enacted by that body, it has been necessary to authorize the following deficits:

July 22, 1925—For the Printing and Binding of Session Laws and Journals and Printing Legislative Bills.....	\$2,028.23
July 22, 1925—Department of Finance & Purchase:	
For Salaries and Wages.....	\$6,200.00
For General Office Expense and Travel.....	\$1,300.00
October 5, 1925—State Board of Insanity:	
For the Construction of new Heating Plant at the State Mental Hospital.....	\$55,000.00
April 9, 1926—Secretary of State:	
For Inspection Fees, Motor Vehicle Department	\$30,000.00
April 9, 1926—State Board of Pardons:	
For Office Expense.....	\$150.00
May 17, 1926—For Per Diem and Expense of Inheritance Tax Appraisers.....	\$7,000.00
June 23, 1926—State Land Board:	
For Defense of State's Title to School Sections	\$5,000.00

The 1921 Legislature appropriated \$200.00 to furnish medals for Indian War Veterans for services in suppressing Indian hostilities, who had been unable to secure them under former appropriations, said amount to be placed to the credit of the Indian War Veteran Fund. Medals were furnished to the following Veterans who filed the proper applications:

STATE BOARD OF EXAMINERS

Andrew M. Anderson.....	Moroni, Utah
James H. Allred.....	Salt Lake City, Utah
Robert Bodily.....	Vernal, Utah
Enoch Bowles.....	Salt Lake City, Utah
George B. Chesley.....	Kanosh, Utah
George T. Day.....	Kanosh, Utah
Simon Hansen.....	Palo Alto, California
Godfre Hafen.....	Salt Lake City, Utah
Wm. O. Orton.....	Parowan, Utah
Anthony Paxton.....	Kanosh, Utah
Peter Swenson.....	Salt Lake City, Utah
Baldwin H. Watts.....	Kanosh, Utah

The 1925 Legislature, as provided in Chapter 129 of the Session Laws, appropriated the sum of \$2,000.00 to be placed to the credit of the Indian War Veterans Fund. The appropriation to be disbursed as provided in an Act of the Legislature of the State of Utah, approved March 10th, 1917, entitled "An Act Providing for an Indian War Veterans' Fund, making an appropriation therefor, and providing for the method of disbursement of said fund"; provided that all Indian War Veterans of Utah and their widows, who made satisfactory proof of service before the Board of Commissioners of Indian War Records, created by the Legislature of 1909, and whose claims have not, or are not likely to be admitted as pensionable by the Federal Government shall share alike in the division of this said \$2,000.00 appropriation.

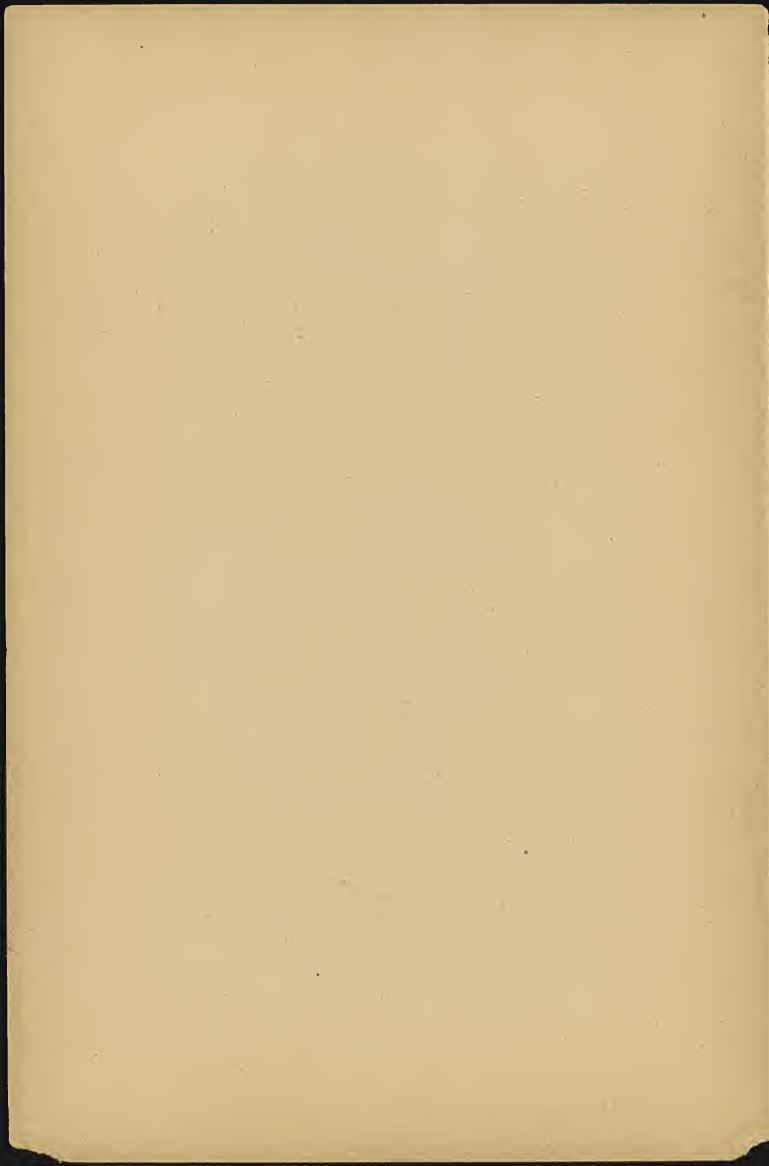

On account of the large number of veterans and widows of veterans who qualified themselves entitled to participate in the division of the \$2,000.00 appropriation, the Board of Examiners fixed the amount of \$3.50 to be paid to each veteran and widow of veteran whose application has been approved by the Adjutant General of Utah, who is the Commissioner of Indian War Records, as having proper proof of service. During the biennium this Board has approved the applications of 557 veterans and widows of veterans as entitled to participate in the division of this appropriation, to whom the Auditor has been authorized to make payment of \$3.50.

Respectfully submitted,

GEORGE H. DERN,
H. E. CROCKETT,
HARVEY H. CLUFF,
STATE BOARD OF EXAMINERS.

Report
of the
State Board of
Loan Commissioners
of the
State of Utah

Beginning December 1, 1924, and
Ending June 30, 1926,

STATE BOARD OF LOAN COMMISSIONERS

FLOATING INDEBTEDNESS

The floating debt November 30th, 1924 was \$730,000.00, covered by notes issued by the Board of Loan Commissioners. Of this amount \$30,000.00 was borrowed from the Mormon Battalion Monument Commission; \$250,000.00 from Walker Brothers Bankers and the balance from the 1911, 1917 and 1919 Road Bond Redemption Funds. The \$250,000.00 note held by Walker Brothers Bankers was taken up on December 17th, 1924, and the loan of \$450,000.00 secured from the redemption funds was paid on February 14th, 1925. Notes held by the Mormon Battalion Monument Commission were taken up, \$5,000.00 on March 12th, 1925, and \$25,000.00 on April 7th, 1925, which liquidated the floating debt.

During the current biennium the Board of Loan Commissioners has made loans for the use of the General Fund as same have become necessary. During 1925 tax anticipation notes aggregating \$950,000.00 were issued, \$550,000.00 of which was borrowed from the 1917 and 1919 Road Bond Redemption Funds and \$400,000.00 from the National Copper Bank of this city at an interest rate of four per cent. Notes in the amount of \$400,000.00 placed with the State Treasurer covering loan from the Redemption Funds were issued on August 27th, 1925, and taken up September 22nd, 1925 with a loan for a like amount from the National Copper Bank in order that the Board could invest the 1919 Road Bond Redemption Funds in State, County, municipal and school district bonds. The remaining \$100,000.00 secured from the 1917 Road Bond Redemption Fund was taken up under date of April 9th, 1926. A \$50,000.00 note covering a loan from the 1919 Road Bond Redemption Fund dated September 30th, 1925, to take care of an overdraft in the General Fund on that date, was paid under date of April 9th, 1925, and the \$400,000.00 in notes placed with the National Copper Bank were redeemed, \$300,000.00 under date of December 31st, 1925 and \$100,000.00 on January 2nd, 1926, when tax receipts were available.

Chapter 70, of the Session Laws of Utah, 1925, authorized the State Board of Loan Commissioners to loan to the State of Utah, or the State Board of Agriculture, the funds in their custody known as the suspense fund, said loans to be repaid not later than the first day of the next succeeding January following the date of the making of such loans. Acting under the provision of Chapter 70, the State Board of Agriculture made request upon the Board of Loan Commissioners for a loan in the amount of \$6,500.00; \$5,000.00 of same to be placed in the Extermination of Wild Animal Control Fund to be used in cooperation with the Federal Government for the eradication of rabies and the destruction of predatory wild animals, and \$1,500.00 to be placed in the Tubercular Indemnity Fund and used for the payment of claims against said fund. In order to carry on the work of the Department of Agriculture in relation to the extermination of wild animals and tubercular indemnity fund, the Board of Loan Commissioners under date of October 16th, 1925, issued a note in the sum of \$6,500.00 covering a loan from the State Land Board Suspense Fund for the use of the Department of Agriculture. This note was taken up by the Board on January 8th, 1926, when the taxes were received for the year 1925.

Chapter 35 of the Session Laws of Utah, 1925, authorized and empowered the State Board of Loan Commissioners to purchase for and on behalf of the Agricultural College of Utah, the Davis County Experimental Farm, located just north of Farmington, in Davis County, Utah, and consisting of twenty-three and one-half acres; the purchase price not to exceed \$18,000.00. In order to make such purchase the State Board of Loan Commissioners was authorized and empowered to negotiate a loan in the sum of \$18,000.00 for a period of not more than twenty years, with interest not to exceed six per cent per annum.

Acting under the provisions of Chapter 35, this Board placed with the State Treasurer a note in the sum of \$18,000.00 covering a loan from the 1921 Deficit Redemption Fund, payable on demand with interest payable at maturity at a rate of four per cent per annum; said note was dated May 27th, 1925. The Experimental Farm was purchased by this loan, the warranty deed and abstract of title after having been approved by the Attorney General, have been recorded and properly filed in the office of the Secretary

of State. This \$18,000.00 loan represents the floating indebtedness of the State as of June 30th, 1926.

It has been the policy of this Board to invest the redemption funds where ever possible, in State, County, Municipal and School District Bonds, \$1,249,500.00 of the redemption funds having been invested during the biennium, of which \$109,000.00 were Utah State Bonds. There is now remaining in the various redemption funds for investment purposes \$355,000.00.

Respectfully submitted,

GEORGE H. DERN,

H. E. CROCKETT,

HARVEY H. CLUFF,

STATE BOARD OF LOAN
COMMISSIONERS
